MOSCOW DRIVE BOGGING DOWN GERMANS SAY

Blame Weather Conditions Precluding Big Military Operations

CRIMEA CAMPAIGN GAINS, IS REPORT

London Speculating on Possibility of Setting Up Second Front

(By Associated Press)

BERLIN, Nov. 7.—The head-on German drive against Moscow has been stopped by weather conditions which preclude major military operations, but in the Crimea, Axis armies have pushed within artillery range of the big naval base of Sevastopol, a military commentator declared today.

He said the weather on the Moscow front had become such that any large scale operations—particularly a direct attack against the capital—were not feasible.

"It is unnecessary," he said, "to undertake anything under such circumstances and we aren't doing it."

The German high command acknowledged that Nazi and Rumanian forces were encountering stubborn Russian rear guard resistance in the fastnesses of Crimean mountains but declared that pursuit of Soviet forces in the peninsula was continuing.

The communists said dive bombers had smashed positions among the fortifications of Sevastopol, Russia's best remaining naval base in the Black sea.

Study Second Front

(By Associated Press)

LONDON, Nov. 7.—A German retreat was reported in the Volokolamsk sector before Moscow while London observers speculated today upon possible British plans for the establishment of a second fighting front.

Red army infantry, cavalry, artillery and planes have driven German armored units from position after position along a three-mile route in the region of Volokolamsk 65 miles northwest of Moscow, said dispatches relayed from Khabyshev.

This explosive seizure of the initiative came after earlier invasion threats against the capital were declared to have been blocked.

Even as the Soviet success was reported, possible expansion was indicated in the scope of the war.

Reliable London sources said plans for a second fighting front—urged by Premier Joseph Stalin yesterday in a Moscow broadcast on the eve of the 24th anniversary of the Bolshevik revolution—were "ready to be put into effect when the time is considered opportune."

"Where that front will be is something we do not propose to tell the enemy," said the highly-placed British Press association.

Alliance Community Fund Drive \$7,083 Short of Goal

ALLIANCE, Nov. 7.—Within \$7,083 of their goal, workers in Alliance's Community fund campaign were given until Monday night to complete their canvass.

Reports today indicated that \$9,915 has been pledged toward the year's goal of \$44,000.

"Mutual Admiration"—A Winner

A young lady indulges in one of the favorite pastimes which are reserved for the weaker sex. And she is very proud of her appearance. The judges in a national magazine picture contest thought so, too selecting the picture, taken by Harry Olmsted of Chattanooga, Tenn., as best submitted in a nation-wide contest.

Coach Mather Is Doubtful About That Football Game

Not Worrying About Score, But Can't See Where "We're Going to Get Enough Money"

After several weeks of meetings by committees, coaches, and boards of education, the matter of a Salem-Leetonia football game on Thanksgiving has finally landed largely in the hands of a single man. The man is Coach Charles Mather of Leetonia High.

And that man is not sure whether he wants to play. "Frankly," he says, "We're not going to make enough money out of it."

The game was originally dreamed up by fans of Leetonia but both the Leetonia and Salem athletic departments recognized it as a coin-collecting device of the first water. Both schools needed new equipment, the game was a "natural" because of a Leetonia win over Salem in a pre-season scrimmage, and the fans in both towns wanted to see it played.

Everyone Does It
Here, then, was a method of filling the shoulder-pads and sweat-shirt larder. There is nothing discreditable about this. Behind the idealistic rah-rah of "may the best team win" there is a football coliseum to maintain and there are intramural sports to supplant. Football players are hard on sweat-sox and one year's light bill for football games looms almost as large as a high school student's charge account for gasoline.

These being the facts, Coach Charles Mather of Leetonia isn't too happy. Because he thinks Salem is taking too big a cut. (The contract calls for a 60-40 split, with the top-heavy half tinkling into the Salem till.)

"Fred (Fred Cope, Salem's faculty manager of athletics) doesn't seem willing to take any risk" Mather says. "If it's a bad day we may turn to Mather, Page 8"

SHERIFF WARNS OF TRAFFIC DANGER

LISBON, Nov. 7.—Sheriff George Hayes issued another stern warning today to persons responsible for moving warning signs and lights along the Route 30 paving project south of here.

Several motorists complained to the sheriff's office last night after a barricade was moved from the edge of an embankment near the junction of the detour route. Injury and even death could result from an automobile plunging into the ditch, the sheriff pointed out. Two weeks ago torches were removed from other dangerous sections of the roadway.

'Maybe A Year'—That's All Stalin Gives Germany; 'Will Burst Under Her Own Crimes'

Russian Premier Speaks On 24th Anniversary of Bolshevik Revolution; Says Russian Supply of Manpower "Inexhaustible"

(By Associated Press)

MOSCOW, Nov. 7.—Premier Joseph Stalin today gave Adolf Hitler "maybe a year" before "Hitlerite Germany must burst under the weight of her own crimes," in an address on the 24th anniversary of the Bolshevik revolution.

All Russia was "a single fighting camp" with inexhaustible supplies of manpower, Stalin said, adding that Germany, counting on the Red army cracking after the first blow, "badly miscalculated."

The speech was delivered before a military review in red square.

Stalin contrasted Russia today with that of the October revolution, when Russia had been stripped of "the Ukraine, the Caucasus, Central Asia, the Urals, Siberia and the far east" and had neither allies, army nor arms and lacked bread and clothing.

Today, he said, Russia has "no serious shortage either in food, arms or clothing," while her "reserves of manpower are inexhaustible." And she has an army, navy, allies and "the sympathy and support of all peoples of Europe who have fallen under the yoke of fascist tyranny."

In the face of this, he declared, the Nazis face sure disaster.

"Germany is bleeding to death, her resources giving out," Stalin said. "Another few months, another half-year, one year maybe and Hitlerite Germany must burst under the weight of her own crimes."

His speech, broadcast over the Moscow radio, was addressed to soldiers, workers, collective farmers and "brothers and sisters in the enemy rear who have temporarily fallen under the yoke of German brigands."

"Our glorious men and women guerrillas are disrupting the rear of the German invaders," he said. "On behalf of the Soviet government and our Bolshevik party I am greeting and congratulating you on the 24th anniversary of the great socialist October revolution."

U. S. BACKING ASKED IN JAPAN'S PROTEST

TOKYO, Nov. 7.—Known deaths in the mine-sinking of the Japanese steamer Keshi Maru rose to 20 today and a Japanese spokesman sought Washington support of Tokyo's protest to Soviet Russia, declaring that floating explosives violated the freedom of the seas.

"America must support Japan's stand on this issue," said Koh Ishii, cabinet information bureau spokesman.

A dispatch from Keijo said reports to the Korean government general showed 281 rescued, 111 still missing and 20 dead from the passengers and crew of the Keshi Maru, 4,325-ton vessel which went down Wednesday night about 130 miles out in the Sea of Japan, and southeast of the minefields of the Russian port of Vladivostok.

The Korean government announced 59 drifting mines of Soviet make had been swept from the Sea of Japan off Korea and the Japanese navy said it had located 133 since August 29.

Five Japanese fishing craft were said to have struck mines during the past two months, killing 16 men and injuring three.

Foreign Minister Shigenori Togo said the foreign office had made a rigid and determined protest through Constantin Smetanin, the Soviet ambassador to Tokyo, on the Keshi Maru sinking.

FIVE ARE FINED ON TRAFFIC CHARGES

Five motorists paid court fines yesterday following their arrests by state highway patrolmen.

John Arnold, Jr., 45, of Garfield, arrested on a charge of driving a car while intoxicated, was fined \$100 and costs by Mayor L. A. Bandy at Sebring.

William Beech of Leetonia, charged with ignoring an automatic traffic signal, was fined \$10 and costs by Mayor Lloyd Culler of Washingtonville.

Maynard Smith, 35, of Port Huron, Mich., arrested on a charge of speeding, was fined \$5 and costs by Justice E. G. Riggs at Hanoverton.

John Dean, 29, of Michigan City, Ind., and Chris Eckage, 24, of Cleveland, arrested on charge of driving overweight trucks; drew fines of \$15 and \$20 and costs, respectively, in the court of Justice W. T. Jones at Edinburg.

DRIVE OPENED ON NON-DEFENSE COST

Cut In Expenditures Seen Necessary In View of Huge Debt

COLUMBUS, Nov. 7.—The Ohio Chamber of Commerce started the ball rolling today in its campaign against non-defense expenditures by the federal government.

Representatives of central Ohio trade and civic organizations, assembled here to discuss the movement, were told last night there is a need for drastic curtailment of expenditures in view of a prospective national debt exceeding a hundred billion dollars at the end of the present four-year defense program.

Dr. Arch D. Schultz, director of the chamber's research department, asserted the nation's defense outlay would cost each gainfully employed person more than \$500 annually for four years.

"Strictest economy in public expenditures must be practiced if the American form of government and the nation's economy are not to be submerged in a tax blackout," he declared.

Dr. Schultz suggested these means to effect a successful drive against non-defense spending:

1. Demand scientific reduction in expenditures so that the burden of sacrifices may rest upon the federal government as well as upon local officials and citizens;

2. Demand that congress reduce subsidy appropriations and departmental requests;

3. Assure congress that no complaint will be made in reducing subsidies.

Paul J. Daugherty, director of the chamber's social security department, warned that expansion of the federal social security system, as favored by Washington officials, would increase the present tax on Ohio wage earners by approximately \$100,000,000 annually.

THREE ARE KILLED IN BLAST AT PLANT

SOUTH CHARLESTON, W. Va., Nov. 7.—Plant Superintendent E. K. Turner discounted almost entirely today the possibility of sabotage as federal agents and state police investigated an explosion and fire which killed three men at the Carbide and Carbon Chemicals corporation's huge plant.

H. K. Fox, 30-year-old painter, died early today of critical burns to increase the official toll to three.

Turner, after a check of the company's 4,000 employees, identified Forrest Norton Leavitt, 32, and H. M. Kelley, 60, as the others killed in yesterday's blast.

The plant, largest of the multi-million dollar chemical industry in the Kanawha river valley, suffered comparatively little damage in the localized explosion and the superintendent said operations would be resumed within two or three days.

The blast occurred in the tank field where the company stores solvents used in making vinylite, a chemical plastic.

GEORGE PROPOSES WITHHOLDING TAX

Congress Delays Action On Treasury Suggestions For Revenue Bill

(By Associated Press)

WASHINGTON, Nov. 7.—A "withholding" tax on all personal incomes was proposed by Chairman George (D-Ga.) of the senate finance committee today after congressional leaders had decided to delay action (temporarily) on treasury suggestions for a new revenue bill.

George took the position that sooner or later congress would have to face the necessity of raising more taxes to offset in part expected expenditures of \$3,000,000 a month in the next fiscal year. For that reason, he told reporters, he favored not only a payroll levy but a similar tax on all personal receipts.

The treasury was reported to have suggested that upwards of \$4,800,000 in new revenues be added to the \$3,600,000,000 piled on the nation's tax bill when congress enacted steeper levies last summer.

One of the treasury suggestions was said to call for a 15 per cent payroll tax, collected at the source. This amount, to be deducted from the worker's weekly or monthly pay check, would be in addition to whatever regular income tax he is now obliged to pay.

Would Share Burden
George said that while he would have no objection to such procedure, if it was worked out equitably, he did not think salaried persons should bear all of this additional tax burden.

Experts recognized, however, that broadening of the payroll tax principle to include personal income from investments, businesses and many other sources would involve great difficulties which some legislators said might be almost insurmountable.

Thus, they said, while employers might easily be required to withhold a certain amount from a pay check as is now done with social security taxes, the various other sources of income were relatively harder to tap.

While George said his committee probably would be willing to go to work on the treasury's suggestions immediately, the house ways and means committee, where all revenue legislation starts, decided late yesterday to delay action for the present.

Additional Votes Listed For Sewers

Salem's one-mill levy for sewer improvements won by a wider margin than originally counted in Tuesday's election, according to the election board's official check of the poll books. The final tabulation shows: For the levy 1,565; against it, 703.

The unofficial count was: For the levy, 1,210; against it, 842. Only three minor changes were shown in the count of ballots in the contests.

George Baillie, who defeated James H. Wilson, for school board, picked up two additional votes to make his tally 1,309. A. E. Beardmore, who was re-elected to the board, lost two votes. Wilson's remained the same, 1,277.

Galen Greenisen, successful in his fourth attempt to be named Perry township trustee, picked up four votes to add to his lead of 1,522.

Civilian Defense Group Is Forming

Organization of a Civilian Defense committee, to prepare for volunteer defense efforts, of every character in the event of sabotage or other attacks, is under way in Salem.

Mayor Norman Phillips has been named honorary chairman by the national Office of Civilian Defense and he in turn has appointed Atty. Ralph Atkinson as active chairman.

Calling together several civic leaders, Chairman Atkinson outlined the plans briefly at a meeting in the Lape hotel. John J. Friedman, of the Office of Civilian Defense in Youngstown, and Chief of Police Jack Turnbull of Youngstown explained the organization work there and offered assistance to the Salem committee.

Cooperation between the cities of this entire district was urged by the Youngstown men and the Salem committee decided to call leaders from every town in its area to meet with it and, through it, to take up the work in their communities. It is expected this meeting will be scheduled within a few days.

LICENSES NEEDED, HUNTERS ARE TOLD

With hunting season close at hand, County Dog Warden Dan Butch of Leetonia warned hunters today that they must have their dogs licensed when in the field and that the licenses must be attached to the animal's collar or in possession of the hunter.

Excuses given by some hunters a year ago that the licenses were "in the cupboard at home" will go unheeded this time, the dog warden said. Hunters with unlicensed dogs will be fined, he added.

Columbiana county has issued 8,059 dog licenses so far this year, eight more than the total for all of 1940.

U.S. CARRIERS TO ABIDE BY BOARD'S PLAN

Fact-Finding Committee's Edict Would Hike Pay For 1,250,000

NEED OF UNITY IN DEFENSE IS CITED

Carriers Disappointed, But Willing To Abide By Recommendations

(By Associated Press)

CHICAGO, Nov. 7.—Carriers conference committees representing all class 1 railroads in the United States announced today that they had decided to accept the recommendations of President Roosevelt's fact-finding board for temporary wage increases for 1,250,000 railroad workers.

Statement Issued
"The committees issued the following statement:

"The carriers conference committees representing eastern, western and southeastern railroads announced today that while they are disappointed in the recommendations of the President's emergency board in their working rules, wages and vacation disputes, and despite the very heavy burden it imposes upon the railroads of the country, they have concluded to accept the board's recommendations with respect to these issues.

"A full and fair hearing was held before the President's emergency board as provided by law, and the committees feel that in this time of national emergency, in the interest of national defense and in keeping with the President's address to delegates to the international labor office, the board's recommendations should be accepted.

The board recommended wage increases of 7 1/2 per cent for the 350,000 operating employees who had demanded wages of 30 to 34 per cent. The lowest paid of these now earn \$5.05 a day.

Vacation Proposed
For the 900,000 non-operating workers, the board proposed an average increase of 13 1/2 per cent. They had asked for 30 to 34 cents more an hour. They now receive 35 to 45 cents.

One week vacations with pay were proposed for the non-operating employees, with the board also recommending wages increases of 7 1/2 cents an hour for 40,000 or more employees of the railway express company.

Railroad spokesmen estimated it would cost the lines at least \$200,000,000 a year to put the board's recommendations into effect.

TWO ARE INJURED IN FOUR-CAR CRASH

Two persons were injured when four automobiles tangled on Route 14, a mile and one half south of Deerfield, at 2 p. m. Thursday.

Salem state highway patrolmen said the crash occurred when a car driven by Max Mishne, 31, of Belaire, attempted to pass a machine operated by John Parker, 40, of Deerfield, at the crest of a hill, saw an approaching car, attempted to get back on the right side of the road, struck Parker's machine, and then also collided with the approaching car driven by Roland Weingart, 38, of Kent.

Weingart's auto, in turn, was struck from the rear by a machine driven by Lawrence Layne, 31, of Port Huron, Mich.

Mrs. Layne suffered a badly sprained right ankle and was brought to Salem City hospital.

Mishne, who was cited by the patrol for reckless driving, suffered a cut on the back of his head.

William Stoddard, 19, and Pershing Smith, 22, both of East Liverpool, escaped unharmed when their autos were involved in a head-on collision on Route 7 near East Liverpool at 11 p. m. yesterday, the patrol reported.

TUESDAY'S ELECTION

Salem voters did one of the best jobs in years at the polls Tuesday by electing R. R. Johnson as mayor for the next two years. They gave him a complimentary three to one vote and it is not at all likely that they will find occasion to regret their decision. They elected a Republican, and with him almost a complete Republican ticket, but there will be no partisanship when "Bob" Johnson steps into office in January.

Mayor-elect Johnson has a reputation for being fair and considerate; he is above petty acts, and it is our prediction that he will give the city the cleanest, most constructive administration it has seen in years. Nearly a quarter of a century ago he gave the city that kind of an administration for two terms, and he will bend every effort to do it again. He is honest and conscientious and he always has had the city's best interests at heart.

Good judgment was shown by the Salem voters in marking their ballots on tax levies as well as city officials. They gave the sewer levy more than the required 65 per cent, which means that this very important program can proceed as previously outlined by city council.

Incidentally, city council will lose two of its best members at the close of the year. A. P. Morris, who did not seek another term, has done an exceptionally good job on the finance and sewers committees in the last few years and his experience and knowledge of city affairs will be missed in the new council. F. W. (Ike) Koenreich, fourth ward member who was defeated Tuesday, also has been one of the mainstays of the present council. Both of these men have shown outstanding ability and their services will be missed.

By giving the county welfare levy a majority of more than 65 per cent, Salem voters showed a desire to give the county welfare organizations the support they deserve. The county vote was in favor of the levy by about 3,000 majority, but not quite enough to authorize the levy. County officials will have a difficult time providing the financial assistance necessary to maintain the welfare organizations as they should be maintained.

JAPAN'S BID FOR SATISFACTION

Dispatch of a special Japanese envoy to Washington on the heels of Tokyo's arbitrary seven-point program for settlement of its differences with the United States undoubtedly will bring the long-brewing Pacific crisis to a head—or a settlement.

The seven points on which Japan demands satisfaction obviously were made too stiff to be acceded to without something in return. They would mean abandonment of this country's whole Pacific policy. China would be sold out wholesale to the Japanese. The United States would surrender all rights in Japan's "sphere" of influence, desert its non-recognition policy in Manchukuo, and restore Japan to all former trade rights.

The question is, of course, whether Japan is prepared to compromise and, if so, whether Washington will be found in the same mood. Plainly, if the Japanese government tries to hold up the United States, perhaps at the price of going to war in the Pacific, this government will have no choice but to go to war. There is nothing to be gained from appeasement. In fact, any Japanese statesmen who counts on appeasement from the United States at this stage of the game is badly informed. Washington would not dare to arouse popular resentment by suggesting it.

On the other hand there does seem to be a widespread public feeling against getting sucked into international pressure politics by letting Japan promote a war the United States does not want to fight. There is no casus belli in the Pacific situation, except as it may be created under Nazi Germany's grand strategy for winning world domination. Japan and the United States are not natural enemies. If they allow themselves to become embroiled in war, both will be playing the role of dupes to Adolf Hitler's Machiavelli.

COALITION POLITICS HAPPENS HERE

Two things about Fiorello La Guardia's pre-empting reelection for a third term as mayor of New York City are worth filing away for reference.

First is that LaGuardia's severest critics in the campaign were stumped because the financial record of his administration couldn't be successfully assailed. Second is that the circumstances of the three elections LaGuardia has won strongly suggest that coalition politics, long a fixture in the old world, now must be viewed as an important factor in the United States.

LaGuardia gained the majority of his votes from Republicans, though he never has been more than a nominal Republican. Next to his Republican votes in number were those of the American Labor party, composed largely of trades unionists. The balance came from Fusionists and members of the United City party, minority groups composed of political dissidents from major party politics.

The vitality of any such arrangement is determined, of course, by the political symbol which brings it into being. The weakness of all previous coalitions against Tammy Hall has been their inability to stick together. LaGuardia, through some secret of his own, has kept his supporters united. Conservative Republicans have joined hands with New Dealers and even with Socialists to get what all of them wanted—freedom from the heavy yoke of the Tammany machine.

Continued strikes in defense industries would indicate that some of the patriotism of today is pronounced with the accent on the pay.

Nazis Strip Nerve of Warm Clothes—Headline. Maybe they think that's a new type of strip-tease act.

THE STARS SAY:

For Saturday, November 8

A RATHER conflicting state of affairs is probable on this day judging by the contradictory augurs among the influencing planetary aspects. While there may be some advancement or progress by the adoption of entirely new ideas, or new tactics brought to bear on old and difficult situations, yet there is so definite a threat of fraud, duplicity, deep laid schemes and subtle pitfalls it might be as well to postpone major activities. A similar state of duplicity pervades the intimate relations. Safeguard these from betrayal and suffering.

Those whose birthday it is may be beset by a year in which there may be several adverse situations to circumvent, probably by the adoption of drastic, revolutionary or summary measures or by the introduction of novel or progressive methods of meeting old and perverse conditions. These tactics may provoke reprisals in the way of fraud, treachery, sinister plots and intrigues which may undermine constructive efforts. Beware theft, imposters and unprincipled persons. Private associations may also be tainted by kindred duplicities and frauds.

A child born on this day should have original talents and progressive ideas of public or community worth, but may be subject to fraud, treachery and betrayal in its business as well as intimate relations.

It wasn't so many years ago that folks were urged to send \$10 to buy a set of books on how to train the will power. Then they read the books and discovered their will power was terribly weak or they wouldn't have parted with the \$10 spot.

After checking things over carefully the National Economy League finds that only 59 cents of each dollar spent for WPA actually reaches the workers. The wonder is not that it is so little, but so much.

When Morgenthau starts "mopping up" the money most folks have left in their pockets these days, all he will need for the job is a small toothbrush.

Now that this country is established in Iceland it won't be surprising if that nation demands the right to send a representative or two to congress.

Look Both Ways

"Teach Your Friends" Safety Series

The No. 1 rule for avoiding traffic accidents—"Look both ways before crossing, then cross quickly when the way is clear"—is the little distributed to schools of this area by the Columbiana County Motor club, A. P. Morris, manager of the club, announced today.

"The first few steps off the curb are the most dangerous," Morris said in describing the new safety teaching aid.

The failure of pedestrians to wait on the curb until the way is clear is a frequent cause of accidents. This new poster in the 1941-42 A. A. A. C. S. A. A. "Teach Your Friends Safety Series" is in bright colors and a cartoon art style which has proved so attractive to children.

Use of such posters and accompanying lesson idea sheets for teachers, along with the splendid life-saving work of the school safety patrol, has enabled children in the 5 to 14 age-group to chalk up the best record of any age-group in their safe use of streets and highways. Traffic fatalities involving that age-group were reduced about one-third between 1922 and 1940 for the country as a whole, while traffic fatalities involving adults practically doubled during the same period. It therefore behooves our adult walkers to take a lesson from their youngsters and follow carefully this Number One rule for crossing streets and highways.

WASHINGTON—If all the watermelon patches in the country were joined they would make a field 10 miles wide and 48 miles long, census figures show. The South Atlantic states produce the most melons, with Texas leading all other states.

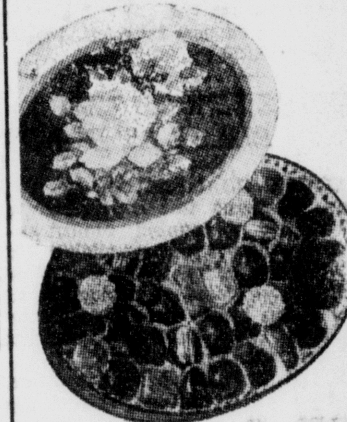

"Lan sim kit chin" means blitzkrieg in Chinese (Cantonese).

Idea Is Not New; It Goes Back to Hippocrates

By LOGAN CLENDENING, M. D.
In a large hospital well-known to me a few summers ago, the medical staff had to consider seriously whether they would stop all surgical operations for awhile. There had been an epidemic of post-operative fatalities due to embolism of the lungs. I say "epidemic" merely in the sense that these accidents occurred in rapid succession in groups. Epidemic implies cross infection.

Dr. Clendening will answer questions of general interest only, and then only through his column.

These researches have brought out some arresting things. There is a seasonal tide in the vitality of parents, Huntington says, and in May and June, the apparently instinctive time for marriage, this tide is at its height. Babies born in March and February will get the best possible start in life, as proved by statistics. Huntington's and Petersen's studies show that in groups of noted people over the

warmer. If the world keeps on getting warmer, we will have a smaller, less vigorous race—according to Dr. Mills.

Questions And Answers

D. E.: "There is a hard lump about the size of a thumb in my breast. I am twenty-two. Can you advise me? I must not go to a doctor unless you think it important."

Answer: If there is any time in your life when you need medical advice, this is it. The largest number of cases of lumps in the breast at this age are due to innocent cysts or inflammation which need little treatment and get well by themselves. But it may be a cancer. If there is anything suspicious about the lump, the doctor can remove a small piece under local anesthetic without scarring and submit it to a pathologist for microscopic examination and final diagnosis.

EDITOR'S NOTE: Dr. Clendening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendening, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene," and "The Care of the Hair and Skin."

CONTEST CHANGED TO MT. NEBO HALL

The Prince of Peace declamation contest conducted throughout the state under the auspices of the Ohio Council of Churches, which was first scheduled in St. Jacob's church next Sunday evening at 8 o'clock will be held in Mt. Nebo grange hall, instead.

Because of the redecoration which is now in process all services are being held in the grange hall. Rev. Carl Bormuth is the pastor of the church.

The following High school boys and girls will participate in the contest: Elizabeth Ullom, Ralph and Wilbur Cook of Lisbon, and Clifford Farmer of Leetonia.

Each one has memorized an oration chosen from the official Book of Selections published by the Ohio Council of Churches and will deliver that oration. Judges have been chosen to pick the winner who will receive a bronze medal from the Ohio Council of Churches and who will represent St. Jacob's church in the county contest to be held early in December.

The winner of the county contest will receive a silver medal and will represent Columbiana county in the district contest.

The winner of the latter contest will compete in the state contest for awards as follows: First prize, four year free tuition college scholarship and \$200 in cash; second prize, two year free tuition scholarship and \$100 in cash; third, one year free tuition scholarship and \$50 in cash.

More than 600 churches in the state will hold similar contests Sunday night. This is the 17th annual series of contests in Ohio and many other states are now participating in the enterprise.

Adopt Record Teaching
Music appreciation will be taught in the Beloit schools by a recording device as a result of action taken by the board of education recently.

The board voted to spend \$50 for the equipment which will be used under the direction of Charles Best, member of the faculty. Best took a course of instruction in use of record teaching at Kent State university. The board also granted permission to the Parent-Teacher association to use the auditorium for a party from which the proceeds will be used to buy a movie projector.

Bills totalling \$300 were approved by the board with all members present.

Theatre Attractions

"A Yank in the R. A. F." starring action drama which co-stars Tyrone Power and Betty Grable, will be seen at the State beginning Saturday and showing through Tuesday.

The picture is far from a glorification of the men whose stamina, vigilance, courage and skill have kept England "tight and right." It attempts, instead, to picture them at work and at play, to bring them to the screen just as they are in real life. The entire film adheres to that standard with the exception of the romantic story played out by the American flier and the American girl ambulance driver.

The cast includes Reginald Gardiner, John Sutton, Gladys Cooper, Donald Stewart, and other featured players.

The evacuation of the British soldiers from Dunkerque is recreated on the screen in one of the sequences. Actual films shot during battles over Germany between R. A. F. and German fighter planes are used in others and British government approval of the film indicates the absolute authenticity of such scenes.

Concluding tonight is Orson Welles' amazing "Citizen Kane," with Ruth Warrick, Joseph Cotton, Dorothy Comingore, Everett Sloane and Ray Collins.

The Grand's attraction tonight and Saturday is "Down Mexico Way" with Gene Autry, Smiley Burnette and Ray McKenzie.

SCOTT FIELD, III—Capt. Jerry R. Johnston, commanding officer of the 29th school squadron at Scott Field, introduced chess to the field personnel with a vengeance. He played 31 games simultaneously, winning 29, tying one and losing one.

Ask \$10,000 Damages

LISBON, Nov. 7.—The Cities Service Oil Co. and J. K. Harding of Columbiana, were named defendants in a \$10,000 damage action filed in common pleas court here by Daisy Brickman, who demands the sum for personal injuries sustained when she fell down a basement stairway at the service station of the defendants in Columbiana on Nov. 6, 1939.

The defendants are charged in the petition with negligence in that there was no warning sign or guard at the head of the stairway.

County Gets 6,500 Bass

LISBON, Nov. 7.—Columbiana County Fish and Game association announced that 6,500 small mouth bass have been received from St. Mary's state hatchery and have been released in the following streams: Little Mahoning river, Sandy Creek, West fork and North branch of Beaver creek, Cold run and Bull creek.

HELLER TO EXPLAIN HIS POUNDAGE PLAN

COLUMBUS, Nov. 7.—Leo F. Heller of Youngstown will explain his "poundage plan" for restricting use of vital defense metal in home construction as a substitute for OPM's \$6,000 market value maximum at a meeting here Nov. 14.

Ralph C. Kempton, secretary of the Architects Society of Ohio and chairman of the meeting, said Heller was being brought here by seven organizations, including contractors, building supply dealers, workers and building and loan officials, in addition to architects.

Heller's proposal would permit use of non-metallic materials as much as possible, thus enabling a builder to erect a house worth more than \$6,000 if desired and at the same time conserve on metals.

Similar meetings already have been held in Cleveland and Youngstown, where Heller is executive secretary of the Builders association. Other meetings are scheduled Nov. 12 in Cincinnati and Nov. 13 in Dayton. No date has been set for a contemplated Toledo session. Sen. Robert A. Taft, Ohio Republican, this week criticized the \$6,000 restriction as an "arbitrary ruling" of the supply priorities and allocations board which he said would turn thousands of workers out of their jobs.

Taft asserted in Washington that it would be more reasonable to establish a minimum for critical materials to be used for any home, rather than placing a cost limit of housing.

TEN ARE HURT IN BLAZING TROLLEY

CLEVELAND, Nov. 7.—Alarmed by an explosion and blaze in a Detroit avenue street car, ten persons were injured last night as panic gripped occupants of the vehicle in suburban Lakewood.

The car travelled four blocks with no one at the controls as passengers jumped or attempted to escape. Conductor Frederick Zuber, although injured, reached the rear of the car and pulled the trolley from the power line.

Motorman Oliver C. Jollie, 48, reported the explosion and resultant flames prevented him from reaching the car brakes. Seven passengers and the car's crew were treated at Lakewood hospital where four remained overnight. A tenth person also was reported hurt. None was injured critically but hospital attendants said there were fractures, lacerations and possible internal injuries.

The Cleveland Railway Co. said the blast apparently was caused by a short circuit resulting from rain seeping into the car's control box.

Exonerates Officer

AKRON, Nov. 7.—Police Chief Rae Williams ruled that Cruiser Patrolman James Mallo was blameless in the shooting of a 14-year-old boy who ignored a command to stop. The officer returned a justifiable homicide verdict. Mallo said he fired one of four shots "borrowed" from a sales agency.

Lisbon to Sponsor Traveling Library

LISBON, Nov. 7.—Lepper library of Lisbon is ready to offer a service to the residents of the rural communities of Columbiana county, in the form of a traveling library, a service never before attempted in this county.

The new library which will travel about Columbiana county in a new \$1,800 especially built truck which arrived in Lisbon yesterday, will make its appearance within the next few days, it was announced by Miss Ruth Price, librarian here.

It will operate at first on a tentative schedule which has been arranged to serve the rural communities which are without library service and which have been active and anxious to secure the service.

The traveling library will be manned by two persons, Miss Geraldine Hacker of Portland, Me., now assistant to Miss Price, and a driver who will be furnished by the WPA. Money for the purchase of the truck was supplied by the county from intangible tax funds, and the driver will be paid from this fund.

Miss Hacker will be in charge of the circulation of more than 3,000 books which will be carried in the truck which will make regular trips four and possibly five days each week, remaining for a short time in each rural community. The complete schedule will be announced later.

The rural communities already decided upon to receive regular visits from the traveling library are Elkton, Calcutta, Rogers, Salineville, Yellow Creek school, Summitville, Cream Ridge school, Franklin Square, Hanoverton, New Waterford, West Point, Winona, North Georgetown and Homeworth.

Curtain Demonstrations Scheduled at Two Places

LISBON, Nov. 7.—Miss Erma Ramseyer, home demonstration agent of the county extension service, has announced two curtain demonstrations of window treatment which will be held in the county next week, to which all ladies of the county are invited.

The first will be held in the Methodist church at East Rochester, Monday, from 10:30 a. m. to 3:30 p. m. with Mrs. Alta Mack and Mrs. Dorothy Cowden as leaders.

Another meeting will be held in the home of Mrs. Frank Marshall in Madison township Wednesday, Nov. 12 from 10:30 a. m. to 3:30 p. m., with Mrs. Harold McIntosh as leader.

Active In Presbyterian Ministry

One of four "brothers" in the Presbyterian ministry, Rev. R. D. Walter, pictured in the back center of the above snapshot, is taking an active part in the church debt liquidating program of the Salem Presbyterian church of which he is the pastor.

Actually, the four Presbyterian brothers are three brothers and a brother-in-law. Pictured at the left is the brother-in-law, Dr. Lyman Newell Lemmon, pastor of the Warwood Presbyterian church of Wheeling, W. Va., who married Miss Elizabeth Walter, sister of the Salem minister.

In the center of the photo is Rev. James Roy Walter, pastor of the First Presbyterian church at Lisbon. On the right is Rev. Arthur Calvin Walter, pastor of the Boulevard Presbyterian church in Columbus. Arthur and Raymond went through high school, college and seminary together. They are the sons of the late Mr. and Mrs. William R. Walter of Mamont, Westmoreland county, Pa.

BOOK WEEK COMES OF AGE . . .
The first observance of Book Week — 1919 — was built around the theme "More Books in the Home". For 1941 the slogan is "Forward with Books". If we say "Children's Book Week" it is only because we mean books for growing minds — of one or two or three — one year! Our happiest ambition at our book shop is to help you to the books that will mean to you profit or enjoyment — we sincerely hope both at the same time. How about a "Book Christmas", this year?

ARSENIC BLAMED AS ELEPHANTS DIE

ATLANTA, Nov. 7.—Three desperately ill circus elephants stood forlornly today in a straw-littered tent—their great sides heaving for breath—while the carcasses of eight dead companions were hauled away to a tallow works.
When the show pulled out for today's engagement in Anniston, Ala., one of the four, Liz, was so ill that no hopes was held for her and she died within a few hours. Another elephant named Lizzie was one of the first victims. State Chemist Reynolds Clark examined the viscera of Piqua, tiny African piasy elephant, and attributed the deaths of the eight pachyderms to arsenic poisoning.
How they got the poison, or where, puzzled circus officials. General Show Manager George Smith said an analysis was planned of weeds and grass near the railroad siding where the elephant herd unloaded.
Circus President John Ringling North valued the dead animals—all trained—at between \$10,000 and \$15,000 each.

Farmers Insure

WASHINGTON, Nov. 7.—More farmers are taking advantage of the government's wheat crop insurance program than ever before, the agriculture department reported today. By mid-October, 436,613 farms had taken out policies insuring 1942 production. This compared with 429,888 contracts written for the full season last year. Spring wheat farmers have until Feb. 28 to insure their crops.

HALIFAX INSPECTS CLEVELAND PLANTS

CLEVELAND, Nov. 7. — Lord Halifax, Britain's ambassador to the United States, inspected production lines at ordnance and machine tool plants today after telling nationality groups "the day of deliverance will come."

To a hundred representatives of groups in which many have family ties with nations now occupied by German armies, he predicted a day of retribution "for those who are exacting from humanity so cruel days of suffering."

"Come what may, Britain will not surrender," he said. Asked what would happen should Germany reach Russia's oil supplies, he said it appeared likely Hitler would attempt to formulate a peace. Such a move would get no response from Great Britain, he asserted.

The ambassador and Lady Halifax brought their three-day visit to a close today, preparing to return to Washington.

ARREST PLOTTERS IN HOTZ SLAYING

VICHY, Unoccupied France, Nov. 7. — The arrest of an alleged group of terrorist plotters said to have been responsible for the assassination of Lieut. Col. Paul Friedrich Hotz, German commander at Nantes, was announced today by police.

They declared, too, that they were close on the trail of another group which planned the assassination of Dr. Hans Gottfried Reinert, German military lawyer, at Bordeaux Oct. 21.

One hundred French hostages, half at Nantes and half at Bordeaux were executed by German firing squads last night in reprisal for the killings, and 169 more were held.

A Jew arrested in the Nantes assassination was said by police to have been identified also as a member of "a real terrorist organization which is believed to have been behind the murder at Bordeaux."

Reuben James Toll Up
WASHINGTON, Nov. 7. — The death toll in the torpedo sinking of the U. S. destroyer Reuben James stood at 100 today. Naval clerks, rechecking their lists of personnel, added the name of Edward Peter Salts, boatswain's mate, first class, Staunton, Ill.

2 LABOR LEADERS DRAW STIFF FINES

Browne and Bioff Facing Long Terms On Extortion Charges

(By Associated Press)
NEW YORK, Nov. 7. — A possible maximum penalty of 30 years in prison and \$30,000 fines confronted Labor Leaders George E. Browne and William Bioff, convicted of extorting \$550,000 from movie executives.

A federal court jury found the pair guilty on all three counts of an indictment after deliberating only two hours yesterday.

The verdict, climaxing a four-weeks' trial that brought some of Hollywood's top executives to the witness stand, will, Judge John C. Kane, told the jurors, "let a lot of fresh air into union halls throughout the country."

Browne, president of the International Alliance of Theatrical Stage Employees (AFL), and Bioff, his personal representative in Hollywood, were turned over to the United States marshal to await sentence next Wednesday. Judge Kane refused to accept their denied motions to set aside the verdict.

The pair was convicted of collecting from Warner Brothers, Paramount Pictures, Twentieth Century-Fox and Loew's Inc., for assurance of labor peace in the motion picture industry.

United States Attorney Mathias F. Correa characterized Bioff in his summation as a "Chicago hoodlum" and "a raving egomaniac" who had "led again and again under oath."

Bioff pictured himself as a messenger who had collected more than \$1,000,000 from film officials at the request of Browne.

Nicholas Schenck, president of Loew's, asked him to collect the money Bioff said "because the industry is being sandbagged through legislation." He claimed he had turned it over to Nicholas Schenck's brother, Joseph M. Schenck, former board chairman of Twentieth Century-Fox, and told of being "winced and dined in South America and Europe with film executives footing the bills."

East Goshen

The East Goshen W. C. T. U. will meet Tuesday, Nov. 11, at the home of Mrs. Clyde Dugan. This will be an all day sewing, with a covered dinner at noon.

The business meeting, in charge of the president, Mrs. Frank Mathier, and the program, under the direction of Mrs. E. W. Cline, will be held in the afternoon. All interested in the work of the W. C. T. U. are invited.

Cottage prayer meetings are being held in preparation for the series of revival services to begin at the East Goshen Friends church Nov. 15. A prayer meeting will be held at the next Tuesday evening, the place to be announced later.

Hold Prayer Meeting
The prayer meeting Tuesday evening was held at the parsonage. Rev. Kenneth Carey, pastor, preached Sunday morning on "The Sons of God" and in the evening "The Conversion of Saul." Miss Audrey Jackson led the Christian Endeavor service on "Blessed Assurance."

BURDETTE S. BAYLE
Word has been received in Damascus of the death of Burdette S. Bayle, former Damascus grade school teacher, at his home in Akron yesterday of a heart ailment.

Mr. Bayle lived and taught in Damascus about 20 years ago. He had served as school superintendent at various places in Pennsylvania.

He is survived by his wife; two sons, Russell of Chicago and Clarence of Akron; four daughters, Evelyn of Akron, Helen and Harriet at home, and Margaret of Miami, Fla.

Funeral service will be held at 3 p. m. Saturday in Akron with burial there.

JOSIAH L. ENGLE
ALLIANCE, Nov. 7. — Josiah L. (Sib) Engle, 71, retired Snodds Station farmer, died at 7:15 p. m. Thursday at his home following five years illness of complications.

Born in Garfield Jan. 20, 1870, the son of the late Mr. and Mrs. Charles D. Engle, he had lived in the vicinity all his life. He was a member of the Goshen Friends church.

Surviving are his wife, Margaret; a daughter, Mrs. Elsie Cobbs of Sugar Creek; two sons, Clifford C. and Golden J. of R. D. Beloit; seven grandchildren and three great grandchildren; and one brother, Emmor G. Engle of North Benton.

Private funeral service will be held at 1:30 p. m. Sunday at the family home, followed by a service at 2 p. m. Sunday at the East Goshen church in charge of Rev. Paul Lindley of Beloit. Burial will

be in the East Goshen cemetery. Friends may call at the home from 7 to 9 p. m. Saturday.

Open Music Season

INDIANAPOLIS, Nov. 7. — The Indianapolis symphony orchestra began today its heaviest musical season, with a program built around Beethoven's fifth symphony, used in the "V for Victory" campaign. Fifty-seven concerts, 31 of them outside Indianapolis, were assigned to the 83-piece organization for its 11th season, including one March 6 at Steubenville, O.

Calls for Seaway

WASHINGTON, Nov. 7. — Leland Oles, chairman of the federal power commission, called today for prompt construction of the \$265,000,000 St. Lawrence seaway in the

interest of national defense. The power commission chairman declared in a letter to Representative Butler (D-N.Y.) that all preliminary work on the project has been

completed by Canadian and American engineers and its construction can go forward without delay.

Woman Is 85

Mrs. Phyllis Santee was honored Monday in observance of her 85th birthday. A dinner was served at noon with Gideon Santee of East Goshen, Mrs. Alice Stanley of Sebring and Mrs. Elizabeth Morgan.

Mrs. Earl Santee arranged the event and served the dinner.

Work On Yearbook

Work has been begun on "The Goshonian," the Goshen Township High school annual.

The editor is Marjorie Steer. The business manager is Norman Weingart; assistant editor, Rosaleen Keeler, and assistant business manager, Bob Grove.

A Christian Endeavor business meeting was held Monday evening at the home of Mr. and Mrs. G. L. Cosand.

Games were enjoyed in charge of Evelyn Cosand, Anna Jones and Terry Nash.

PASTOR DISCUSSES DOUBLES IN BIBLE

"One Thing the Bible Condemns in Salem" will be the subject of Evangelist Forman Lindome's address tonight at the First Friends church where he is completing the first week of a revival campaign.

Speaking before a large crowd last evening on the topic, "The Doubles of the Bible," Rev. Lindome said "there are three degrees in Salvation—justification, sanctification and glorification. Justification saves us from our actual sins; sanctification saves us from our inbred sin; and glorification will save us by and by from the very presence of sin."

The evangelist said that a God-send to every church in the nation would be "more praying and less organizing, more spiritual dynamics and less human mechanics."

He pointed out that Christ does not offer an improved old life, but offers us a created new life.

"The Gospel is not here to repair. It is here to replace. Repaired goods are second hand goods and Christ is not in the second hand business."

Music at the services is in charge of Rev. Ralph Schurman, Nazarene minister of Sebring.

AUSTIN, Tex.—Rosebud, Tex., a Falls county community of more than 1500 population, boasts that it has a rosebush in every yard in the town. In fact Rosebud was named for a rosebush.

Attend Journalism Convention

Three Salem High school students, Mary Byers, editor of the Quaker weekly; Herbert Hansell, editor of the annual, and William Dunlap, business manager of the publications, are in Columbus today attending conferences of the National Scholastic Press association. The group will visit Columbus newspaper offices, attend forums on the publication of a High school paper, and will be guests at the Ohio State-Wisconsin football game tomorrow.

The group was accompanied by Mrs. G. E. Byers, H. C. Lehman, Quaker faculty advisor, and H. W. Hilgendorf, faculty business manager.

Assigned Internship

Richard Haines, completing his last year of study in the college of medicine at the University of Rochester, Rochester, N. Y., has been appointed to internship at the University hospitals, University of Minnesota, Minneapolis. He and Mrs. Haines will leave for that city after he receives his degree as doctor of medicine from the Rochester university in June.

Haines was graduated from Salem High school in 1934 and from Mount Union college in 1938. He is a nephew of Miss Charlotte Probert, E. Sixth st.

Tells of London War

Possessing experiences rarely occurring to youngsters of his age, Edward Newitt, of London, Eng., a war refugee, yesterday told Kiwanis club members an interesting story of the bombing of the British capital. He was a guest of the Salem club at luncheon in the Memorial building.

John Litty was chairman.

Hospital Notes

The following are listed as patients for medical treatment at Salem City hospital: Mrs. Frankie Louis O'Bannon of Warwick; John Jones of 489 N. Ellsworth ave. For surgical treatment, Mrs. Rachel Hodge, 198 E. State st.

Wrinkled Fenders

Automobiles driven by Norma Daugherty of 672 N. Lincoln ave. and Abiam Duffie of 320 N. Howard ave. were involved in a minor traffic mishap near the intersection of E. State st. and Lincoln ave. at 11:30 p. m. Thursday. Mrs. Daugherty told police Duffie pulled away from the curb into the side of her machine.

Spare Tire, Wheel Stolen

Mrs. Wade Canfield of 469 Fair ave. told police yesterday that someone had stolen a spare tire and wheel from her automobile.

Mail Box Knocked Down

W. H. Zimmerman of E. D. 1, Salem, told police that his truck accidentally bumped a pole on S. Broadway, near E. Pershing st., knocking loose a mail box.

Grange Officers Meet

Meeting as guests of Mr. and Mrs. J. S. Hollinger, of the Benton road, officers of Goshen grange Thursday evening considered plans for the rest of this year.

Goshen grange will be host to Mahoning county Pomona grange Saturday, Nov. 29, and Dec. 3 the Mahoning county young people will be entertained. Friday evening, Nov. 14, Goshen grange will elect officers for the new year.

MATHER DOUBTFUL ABOUT GRID GAME

Coach Can't See How Leetonia Is Going to Get Enough Money

(Continued from Page 1)

take an awful beating (at the register, he means). What we would like is a guaranteed minimum, even if it's not very big. In our game with Newell at the East Liverpool stadium (scheduled for tomorrow night) we have been guaranteed \$200. We're not guaranteed anything at Salem.

"But the thing that puzzles me most is the terrific expense account Salem lists. They even place the deductible expense list in the paper that they put down for yard markers!

Cites History

"What's more," Mather continued, "on one occasion last year Salem High officials offered to rent us the stadium for one night, and all, for a big game he scheduled, at a little more than half what they are now listing expenses for operating it during a day game!"

"Wait," he said to his interviewers. "Did you hear what Overton (Coach Ray Overton of Salem) said about us on the radio the other night. He said he was going to pin our ears back!"

"Yes?" said the reporter, hoping for a bruising statement from the rival coach. But Charles Mather of Leetonia just chuckled. The odd part of it is that Coach Mather is a mild mannered man. He has never been heard to raise his voice at Leetonia drill and as soft spoken and easygoing as any man who ever coached a football team to 12 straight triumphs and outscored their opponents 23 to 41.

But Coach Charles Mather of Leetonia is not sure whether he wants to play or not. "Frankly," he says, "We're going to make enough money out of it."

Twelve Lisbon District Youths In Oratory Evening

LISBON, Nov. 7.—Twelve young people of this district will compete in Prince of Peace declamation contests to be held in churches here Sunday evening, Nov. 9 and 10. Roy J. Morgan Cox, chairman, announced today. The contestants, students of the public speaking class in David Anderson High school, taught by Miss Betty Francis, will speak in the following churches at the regular hour of the evening worship service: James Cox, Edgar Hall and Reanna Cullison, the Presbyterian church; June Wilson, Eileen Williams and Horace Martin, Christian church; and Elizabeth Ullom, Clifford Farmer, and Ralph and Wilbur Cook, Reformed church, meeting at Mt. Nebo grange hall because of improvements now being made at the church.

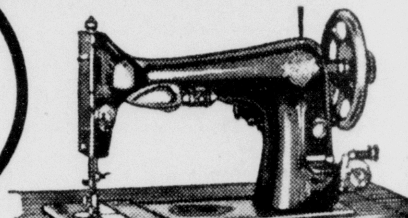

The fourth contest will be held in the United Presbyterian church one week later, when Miss N. Ward and Miss Eleanor Hildebrand will be seeking the honor of representing the church in the district contests to be held later.

Sportsmen Will Meet

LISBON, Nov. 7.—The Columbus County Fish & Game association will hold its regular meeting at a fish fry in the Moose home here Monday evening. President Richard Andrus announces that the annual membership drive will be opened at this meeting.

A farewell party was held Monday evening for Wilmer Cooper prior to his departure soon for a conscientious objector's camp. Mr. and Mrs. E. F. Oesch of North Lima, spent Monday with their daughter, Mrs. Adin Lynn. Mrs. Josephine Cope and children, Erma and Tommy, were guests of Mr. and Mrs. Lester Laughlin at North Lima, Sunday. Weekend guests of Mr. and Mrs. Harvey Woods were the former's brother-in-law and sister, Mr. and Mrs. N. E. Peoples, Glendale, Calif., their niece, Mrs. Curtis Boyle, Sebring, Mr. and Mrs. William Marshall, Pittsburgh. Mr. and Mrs. E. W. Evans were recent visitors in Orrville. Mr. and Mrs. Nicholas Youns were weekend guests of their son, LeRoy Youns and family, Washington, D.C. Mr. and Mrs. Francis McCall, recent newlyweds, were honored at a postnuptial shower at the home of Mr. and Mrs. Harold McCall.

Ladino Clover, a perennial legume, is a tall-growing type of white clover which originated in Italy.

BRADENTON, Fla. — Residents of Bradenton's thickly populated third ward live well within the city limits, but they still receive their mail "country style." That is they have mail boxes which the postman can reach without leaving his automobile.

Coffin Didn't Cough

BOISE Idaho—"Who's coughing?" demanded a nurse, entering the hospital ward, medicine and teaspoon in hand.

"I'm Coffin," spoke up a patient.

A whoop from another bed, just in the nick of time, saved P. Lionel J. Coffin from a dose of nasty-tasting cough medicine.

Alliance In First Class Condition For Tilt Here Tonight

Coach Hoppes May Handle Regulars Sparingly: Play Conneaut Monday Night

A tip-top grid aggregation in Grade A shape is slated to meet the Quakers at Reilly field tonight. The Alliance Aviators, playing the good brand of football that Alliance crews habitually maintain, will renew a 40-year-old feud at 7:45 tonight.

The biggest ray of hope for the underdog Salem eleven was the announcement today that Alliance has signed to play Conneaut, leader of the Lake Shore league, on effect on a vaulted Alliance aerial attack. For the first time in recent games the Quakers will not be back, who may be in the stands tonight. Cozad fractured his right leg during last week's tilt with Niles and was deprived of the chance to play in this year's most important game.

The rain-soaked turf will be no marked advantage to either team. It is, however, slightly in Salem's favor because of its dampening effect on the Quakers' aerial attack.

Games To Play
Alliance tonight here.
Lisbon Saturday, Nov. 15, there.
Leontonia, Thanksgiving, here.
Leontonia is undefeated and untied after 12 games and has outscored its opponents 338 to 41.

Monday night, Coach Leonard "Dutch" Hoppes may be expected to go easy on his stellar performers in an attempt to keep them in shape for this tough battle. The full strength of the crushing Alliance attack will be available for use, however, if the Quakers threaten.

A Salem victory, the secret hope of every Quaker team member, would be the biggest sort of an upset. A glance at the comparative records listed on this page will show the pre-game results of frays played by both opponents. A Salem victory would, in addition, be the first win by the locals over the Air-men since 1929. The thought of the honor in, and the novelty of, beating Alliance may spur the Quakers on.

Also, the locals may be expected to turn in a standout performance for Phil Cozad, varsity left half-back, who should be able to hold their own on a wet field. The Aviators average about 170 on the line and 155 in the backfield.

Cach Ray Overturf's only comment on the rain was, "I don't care if it does or doesn't."

Columbiana and East Palestine Prepare For Tilt

COLUMBIANA, Nov. 7.—The Columbiana High school football team will close its season on Armistice day, meeting East Palestine in the annual battle, this year on the Brown and White's home field.

Columbiana has not been beaten by their rivals in football for several years. The teams did not meet in 1935, but since then the record reads four victories and one tie for the Red and White.

In 1936 the locals eked out a 7-6 win before a crowd of 2000 in the then new Firestone park stadium. In 1937, with Dick Fisher starring for C. H. S., the score was 20-0. In 1938, a 6-6 tie was played here, and the following year another game was won by the margin of a point after touchdown, 20-19. Last year's score was 12-9 and was, incidentally, the only game won by Columbiana all season.

This season is similar, with the local lads striving for their first victory after six defeats. Coach Howard Parker's boys are also having an off season. Having won only one game they will be out to take revenge on Coach Robert Payne's light and inexperienced squad. Ends Tom Gorcheff and Bill Hollinger will be playing their last football game under the Red and White banner. A large crowd of local fans will trek to East Palestine. The school band will accompany the team.

Successful Anglers

How would you like to have this fine catch of pickerel and northern pike to throw into the skillet on your stove?

This catch, and others like it, were made by Roland Paxson and his wife, Agnes, of 1551 Maple st., during their recent trip to Lake Aghnawass, 30 miles southwest of Sudbury in Ontario, Canada.

They are holding about 60 pounds of fish in the above picture.

Barker Picks Army; They'll Probably Win Despite This

By HERB BARKER
NEW YORK, Nov. 7.—Without fear, and certainly without hope, here are this corner's guesses on the week's football program:

Navy-Notre Dame: Both undefeated though both have been tied. Notre Dame has one very good team; Navy has two. It's a guess at best and we'll take Navy.

Tulane-Alabama: No matter what the records say, these two look like the Southeast's two most powerful arrays. Extremely doubtful, Tulane.

Southern California-Stanford: No reason, on their records to look further than Frankie Albert and Stanford.

Evangel-Texas: It looks like Texas by whatever score it chooses.

Minnesota-Nebraska: Minnesota seems a sure thing.

Harvard-Army: Army rates the nod.

Pitt-Fordham: Fordham easily gets the call.

Texas A. and M.-Southern Methodist: We'll string along with A. and M.

Ohio State-Wisconsin: The Badgers can score but their defense locks porous. Taking Ohio State.

Northwestern-Indiana: No possible pick but Northwestern here.

Auburn-Mississippi State: State without much conviction.

Cornell-Yale: The Big Red's going through a shakedown but so what? Cornell.

BOWLING RESULTS

The Crescent Machine moved from second place into first in the Commercial league last night by pummeling the Zimmerman Olds in three straight games. The Motor-men had been the league leaders.

The standout bowling in the contest, though, was turned in by Captain Oesch of the losers. His total of 626 (204, 210, 212) lacked adequate support to prevent a shutout. The winners rolled steadily, but not spectacularly, notching a high game score of 912 and an evening's total of 2943.

The Smith Creamery stayed in third place despite dropping two games to the Trades Class and the Jaycee Allstars held fourth with a two-game victory over the Recreation Billiards.

The Scott Sports notched a shutout victory over the Amateur Pro while two game winners included the Crescent Jrs. over the Kelley Sohioans, and the Ohio Bell Telephone over Shasteen's Service.

Electric Furnace League
Three teams scored shutout victories in the Furnace league last night. The Office took the Ship-pers, the Transformer pummeled the Structurals, and the Draftsmen A took the Machinists B.

Two game winners were the Electricians over the Purchasing and the Draftsmen over the Machinists.

Salem Griddler and Leg "Feeling Fine"

Bruised and battered, but still smiling, Phil Cozad is pictured above with the fractured right leg he suffered in last week's grid battle with Niles here. The bottom picture shows Phil's plaster cast with a few of the over 100 names written on it by friends and classmates.

Feeling much better, Phil is now able to be up and about on crutches. He may attend the Salem-Alliance grid fray here tonight and will return to school on Monday.

Still Likes Football

"Still like football?" "Why sure!"

Phil Cozad hasn't lost a bit of the interest he had in football merely because he broke his leg playing the game. With the spirit of youth he's waiting until basketball season gets under way so he can get back to another of the sports he loves.

"I like football and basketball both but I think I'm more out for basketball," says the tail lanky youth. "The doctor told me I'd be able to play about the first of the year so I'll just miss four or five games." Phil already has two basketball letters, one received when he was a sophomore and the other last year as a junior. In addition, he has two track letters, garnered in the same years, and one football letter won last year.

"I hope to have nine letters by the time I graduate," he said. He's aiming for letters this year in football, basketball, track and tennis. He'll soon be carrying as many letters as his father, C. W. "Chuck" Cozad, who's a mailman.

But Phil isn't like the athlete who was bent on keeping studies from interfering with his education. He's a good student and especially interested in science, which he has been taking for four years.

"I like chemistry best of all," he says. "I think that's because of Mr. Jones. (Herbert H. Jones, instructor in chemistry). He makes the work so interesting, puts things across, and makes you feel at home."

Phil hopes to go to college but says that he'll have to work before and during his courses.

Invited to be a guest in the press box during tonight's tilt with Alliance, so that he wouldn't have to sit out in the weather, Phil demurred with a smile and a thank you.

"I don't really feel up to par," he said. My leg acts up almost every night and so I hadn't better go. But I might decide to, later. Can I call you?"

Assured that he could come any-

22 GAMES ON TAP AS COLLEGE GRID CREWS PREPARE

Buckeye - Badger Tilt Is Leading Ohio Battle This Weekend

(By Associated Press)
COLUMBUS, Nov. 7.—Buckeye football fans have a three-day top-flight menu on tap for this weekend, all sorts of possibilities being wrapped up in the 22-game program.

The headline is the Buck-Badger Big Ten scrap at Ohio State stadium, as Wisconsin meets Coach Paul F. Brown's boys before a crowd of around 60,000.

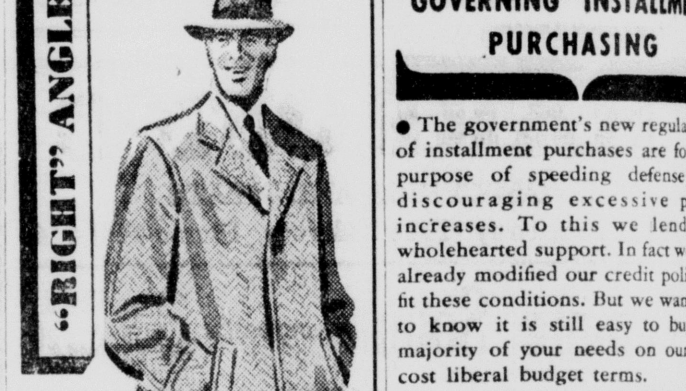

Tonight, at Youngstown, Akron's zippers and the Penguins meet in a classic Youngstown, unbeaten in its last 13 games, and boasting six victories and a tie this year, is favored to win.

The Case-Baldwin Wallace event at Berea pits the Scientists state and Ohio conference pace-setters, against the fourth-best offensive squad in the state. Baldwin Wallace having run up 140 points while winning three, losing two and tying one.

Sunday's all-Catholic struggle between Dayton and Xavier Cincinnati has an "anything can happen" status, for the two point-counting teams in the will mix it up. The Muskies, beaten only by Kentucky, rolled up 183 points and 41, while Dayton, loser only, Tennessee has scored 177 and loved 32.

On Saturday's slate are Ohio conference tilts, Marietta Capital, Ohio Northern at Union, Bowling Green at Muskingum at Washington, Jefferson, Bethany at Den- Heidelberg at Elmhurst, Trans-vania at Otterbein, Rio Grand West Liberty Teachers, Bluffton, Defiance, Kentucky State at Wilberforce, and Eastern Findlay.

SPORT CHATTER

By HUGH FULLERTON, JR.
 NEW YORK, Nov. 7.—From what we hear, Minnesota's sleeper play against Northwestern was a comparatively simple maneuver compared with some. For instance Bert Fennega, a St. Louis High school coach, comes up with a "mystery play" which calls for a runner to go toward the sidelines and then bat (not pass) the ball forward and out of bounds. He says it has been ruled legal because the ball isn't passed, and, of course, the ball belongs to the side that touched it last.

In Portsmouth, Va., a couple of weeks ago, a high school player named Stumpy Caprio slid over to the sidelines and tried to hide. The loudspeaker boomed out: "Caprio now leaving the game." A moment later the announcer corrected himself and said: "Sorry, Caprio is not leaving the game." It wasn't until then that the other team spotted the sleeper.

Take a Chance Dept.
 With full knowledge of possible consequences and realizing that the selections can't be worse than the ones we offer:

Missouri—N. Y. U.—Plenty of Misery for the Violets.
 Dartmouth—Princeton—The Big Green team to win—and that's not necessarily Dartmouth.

Navy-Notre Dame—If the field is as wet as they expect, it will be three oceans for Navy.

Alabama-Tulane—Alabama has a Tulane Davidson — Davidson had better Duke.

Arkansas-Rice—Truth, and Arkansas, crushed to earth will Rice again.

Minnesota-Nebraska — If Minnesota loses this one, Neber asks Gopher what happened.

Stanford — Southern California — USC would like to win this but the Trojans won't Stanford.

Jacobs Beachcombing
 It will cost Lou Jenkins \$1,500 if he doesn't turn up here today for an examination. The N. Y. commission refused to accept his regrets.

Tommy Tucker had a tough time getting in shape for Monday's fight with Johnny Colan because the gym at the Jacksonville (Fla.) Naval air base has been dismantled and he had to go into the city for his workouts.

Word is that Gus Lesnevich is having trouble making 175 pounds for his scrap next week with Tamu Mauriello.

Brand New
 Running hoes folks would be smart to copy the latest move of the U. S. Trotting association, which has decided to mark horses with inconspicuous brands to prevent ringing. Broadway gossip says Babe Ruth is about to take over one of the better-known taverns and set up as a rival to Jack Dempsey.

Billy Rogell, ex-Tiger shortstop, and Gus Dorais, Detroit U. coach, ran third and fourth among nine guys elected to the Detroit city council Tuesday.

BRINGING UP FATHER

POLLY AND HER PALS

By George McManus

By Cliff Sterrett

SENATE STENOGRAPHER by MAXWELL THAYER

CHAPTER ONE
Every legislature presents a drama, the stellar roles being played by big men.... good and evil; the action truly representative of a cross-section of American life. The legislature in this novel is no exception.

The Assembly, with its eighty members, mostly young men fired by ideals, and the Senate, forty older, more seasoned politicians, occupy the foreground in "The Third House," composed of the lobbyists who—good, bad and indifferent—have a strong voice in the bills that either become laws or are killed.

Off stage, there is that minor, but effective, part of the cast—attaches and stenographers.

Into such a human drama, at a state capitol one day, walked Gale Holoway, a small-town girl, who was destined to have a major part in the cast which had just begun its session.

Undramatically enough, Gale Holoway is standing beneath a shade tree intent on watching one of nature's by-plays.

A small tilted the corners of her full red lips, lighting her features, as she watched a squirrel racing across the capitol lawn, its plumed tail a waving distress signal. The enemy, a glistening blackbird, swooped; then swooped again.

Gale stood fascinated by the scene. She was unconscious of the picture she presented. To the casual observer her auburn hair glinting in the sunlight seemed to place a bright halo just around the brim of her smart rakish hat.

Several men came down the walk and stopped to watch. They looked at the squirrel and the bird; and then they looked at Gale, and forgot about the squirrel and the bird.

Her dark business suit and white blouse were perfect complements for the pale oval face and deep blue eyes. As she moved to get a better view of the flight of the squirrel, there was an easy grace to her stride.

She had that type of beauty that caught and held the eyes of every man and of most women. The latter mostly looked and envied; the former looked and looked again.

As the squirrel raced around a palm tree to freedom, Gale started to move away; her purse slipped from her arm and compact lipstick and all the things a woman carries in her bag splattered hither and yon.

When she stopped to retrieve her gadgets, a tall, blond young man bent to help her.

As he handed her the lipstick, he smiled. She thanked him and stood up, dumping each item back into her purse. He smiled again, topped his hat and went on. She noticed his hair was almost straw colored and his eyes a deep gray, a combination that immediately

A tall, blond young man helped Gale retrieve her gadgets—

made an impression on her. He was "nice," she decided.

In her purse, undisturbed by the fall, were two letters, one of which, she hoped, would provide the start of a career as a Senate stenographer. The other was a letter introducing her to a woman of charm and personality, well known to capital society.

She did not know just what she expected from the career, but anything, she felt, would be a welcome change from the small town which was her home. Her father had died recently. Her mother had been gone for years.

Gale had appealed to Edward Griswold, the banker who was executor of her father's meager estate. He had suggested that she remain in her home town, open a hat shop, or something similar, and stay among the people she knew, the people who knew her and grieved with her over her loss.

But that was just what Gale had not wanted. She felt deeply the need for a change of scene, mostly a job at which she could work hard and concentrate, forget herself and her sorrow. The idea had come to her that she might find some temporary position at the state capitol.

With some misgivings, the banker gave her a letter to his friend, Senator Jeffrey Murray, and then

posed, to the senator's inner office. Her cursory inspection of the office completed, she began suddenly to remember the gray-eyed young man who had helped her pick up the things from her spilled purse. She wondered who he might be, what he was like, if she would ever meet him again. She hoped she would.

A low mumble of conversation brought her out of her day-dreaming. Above her there was a loud click, and a male voice, so loud that it startled her, said:

"It's hot as all Hades in here! Gale glanced around the office, then overhead she saw the ventilator which apparently had just been opened.

"Jeff will handle it in the Senate, and you, Tom, will handle it in the Assembly. You're both clever enough to engineer this thing through. You've handled harder

pos, to the senator's inner office. Her cursory inspection of the office completed, she began suddenly to remember the gray-eyed young man who had helped her pick up the things from her spilled purse. She wondered who he might be, what he was like, if she would ever meet him again. She hoped she would.

The voice, belonging to the man who had complained about the heat, was coming through the grating.

"I think we can handle it all right, Jim, but this is such an open-and-shut monopoly on the face of it that it isn't going to be the cinch you may think.

"Tommy is going to have trouble in the Assembly even if I can get it through the Senate. Don't forget that the press listens to Smiley and that Smiley will talk, and talk plenty. And he's a member of my committee."

Then a third voice, a younger

voice and one that Gale had not heard before, entered the conversation:

"Jeff, you're getting old—" "Not old, just careful, just honest with myself about what I—what we have to face."

(To be continued)

When thieves went through the house of Police Inspector A. L. Hopkins in Hongkong, they took not only silver ornaments but the inspector's medals as well.

Fugitive Gives Up

COLUMBUS, Nov. 6 — Herbert Felisco, 22, was held in jail here today awaiting return to the Grafton state prison. Detective Sgt. Clem Owen said Felisco walked into headquarters and gave himself up as a fugitive, saying he had fled last Sunday.

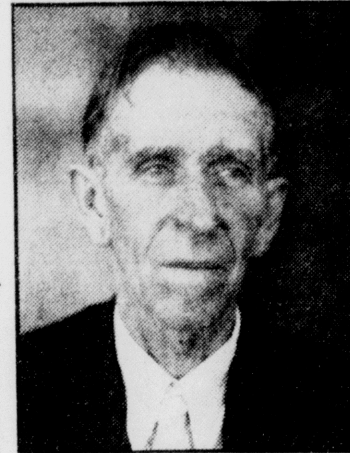

Kuibyshev, formerly Samara, and now temporary capital of the U. S. S. R., was named in honor of

East Liverpool Man Was Weak And Rundown; Now Strong And Feels Like Working

Before Taking TON JON Mr. Adams Was a Victim of Constipation, Headaches, Sleeplessness and Nervousness. Upset Stomach Gave Him Much Misery.

MARION ADAMS

"Before I took TONJON I felt so rundown and had no pep at all," says Mr. Marion Adams, 923 1/2 McDonald st., East Liverpool, O.

"I suffered terribly from constipation and for 20 years I had to use laxatives. I had headaches very frequently and I couldn't sleep very well at night because my nerves were so bad. My appetite was poor and I could hardly eat anything because when I did, my food wouldn't digest. Gas formed in my stomach, causing so much pressure against my heart that it beat very rapidly and I would be short of breath. Food soured in my stomach and was very annoying. My tongue was always coated and I had a bad taste in my mouth. I was subject to fearful dizzy spells which at times were very serious.

"I was talking with a friend who was using TONJON and he advised me to try it. Now, after taking it for six weeks, I am much stronger, my

bowels are regular and I can eat things I want that I didn't dare eat before. I sleep well and get up feeling like working. To me there is nothing better than TONJON."

The TONJON Health Representative at Broadway Lease Drug Store, Salem, Ohio, will gladly tell you what you wish to know about TONJON.
